Chapters:	6
Source:	CodeQuest project specification (official docs + industry patterns)

Summary

Case entity with queues, SLAs, routing rules, knowledge articles, and Power Automate notifications.

Chapters

Track: Project-Intro

Chapter 1: Project Overview [Intermediate]

Chapter focus: Project Overview *(Level: Intermediate)**

Customer Service Case Management is a intermediate-level end-to-end project for Dynamics 365 CRM Consultant. Duration: 3-4 weeks. Case entity with queues, SLAs, routing rules, knowledge articles, and Power Automate notifications. Tools: Dynamics 365 CS, Power Automate.**

Code Reference:

Objective: Case queues by priority
Objective: SLA timers on cases
Objective: Routing rules to teams
Objective: Power Automate Teams notification on case creation

What it shows: Lists measurable outcomes before you start building.

Topic guide

What it actually is

A project overview defines scope, tools, and success criteria.

When to use it

At project kickoff.

Where to use it

Dynamics 365 CRM Consultant portfolios and CodeQuest project submissions.

Real use example

A candidate lists this project on a Dynamics 365 CRM Consultant resume with a demo link.

Track: Project-Phase

Chapter 2: Phase: Cases [Intermediate]

Chapter focus: Phase: Cases** *(Level: Intermediate)

Case entity config. Complete these tasks: Categories; Priority; Stages. Deliverable for this phase: Case form screenshot.

Code Reference:

- [] Categories
- [] Priority
- [] Stages

What it shows: Checklist format helps track phase completion.

Topic guide

What it actually is

Phase Cases is one step in the full project lifecycle.

When to use it

During week 1 of the project timeline.

Where to use it

Dynamics 365 CRM Consultant agile sprints and coursework milestones.

Real use example

Team demo shows the Case form screenshot to the teacher.

Chapter 3: Phase: SLA [Intermediate]

Chapter focus: Phase: SLA** *(Level: Intermediate)

Response/resolution KPIs. Complete these tasks: Timer; Warning actions. Deliverable for this phase: SLA config doc.

Code Reference:

- [] Timer
- [] Warning actions

What it shows: Checklist format helps track phase completion.

Topic guide

What it actually is

Phase SLA is one step in the full project lifecycle.

When to use it

During week 2 of the project timeline.

Where to use it

Dynamics 365 CRM Consultant agile sprints and coursework milestones.

Real use example

Team demo shows the SLA config doc to the teacher.

Chapter 4: Phase: Routing [Intermediate]

Chapter focus: Phase: Routing** *(Level: Intermediate)

Queue + routing rules. Complete these tasks: Skill-based; Round robin. Deliverable for this phase: Routing test cases.

Code Reference:

- [] Skill-based
- [] Round robin

What it shows: Checklist format helps track phase completion.

Topic guide

What it actually is

Phase Routing is one step in the full project lifecycle.

When to use it

During week 3 of the project timeline.

Where to use it

Dynamics 365 CRM Consultant agile sprints and coursework milestones.

Real use example

Team demo shows the Routing test cases to the teacher.

Chapter 5: Phase: Automate [Intermediate]

Chapter focus: Phase: Automate** *(Level: Intermediate)

Teams notification flow. Complete these tasks: Trigger on create; Adaptive card. Deliverable for this phase: Flow demo video.

Code Reference:

- [] Trigger on create

- [] Adaptive card

What it shows: Checklist format helps track phase completion.

Topic guide

What it actually is

Phase Automate is one step in the full project lifecycle.

When to use it

During week 4 of the project timeline.

Where to use it

Dynamics 365 CRM Consultant agile sprints and coursework milestones.

Real use example

Team demo shows the Flow demo video to the teacher.

Track: Project-Deliverables

Chapter 6: Final Deliverables and Review [Intermediate]

Chapter focus: Final Deliverables and Review** *(Level: Intermediate)

Submit all final deliverables: Case config doc; SLA setup; Flow demo video. Skills demonstrated: Customer Service, SLA, Power Automate. Prepare a 5-minute walkthrough video and README for CodeQuest teacher marking.

Code Reference:

Deliverable: Case config doc

Deliverable: SLA setup

Deliverable: Flow demo video

What it shows: Final checklist ensures nothing is missing at submission.

Topic guide

What it actually is

Deliverable review confirms end-to-end project completion.

When to use it

Before deadline and teacher review.

Where to use it

CodeQuest project gallery and interviews.

Real use example

A student submits Case config doc and passes the rubric.
